IM-151 Revision

10 Jan.'50

D/ES

IM-151: Resources and allocations of steel, aluminum, petroleum, electric power, and technical manpower for the USSR, 1949-1952.

Statement of Project:

Origin: D/ES

Problem: To provide substantive revision of IM-151

Scope: The nature and extent of contemplated revisions to IM-151 make advisable a revision of IM-151 which, together with the original IM-151, will be formally coordinated among the IAC agencies.

It is intended that IM-151 Revision will consist of corrections only and will not involve the reproduction of the whole work.

Graphics (if any): Tables as indicated

Form: Contiguous andother revisions

Draft due in D/PSI: earliest convenience

Dissemination deadline (if any):

Responsible Division: D/ES

Internal Coordination: As needed

Departmental responsibilities: To provide revisions and to coordinate

Highest classification of report when final: Top Secret

Declassification responsibility: Same as for IM-151

Approved For Release : CIA-RDP78-01617A000500220010-8
